TENTS

What you need to know!

Pole Tents ... Each tent is designed with one thing in mind, to provide your guest with the most comfortable party atmosphere! Beautiful peaks will add elegance to your special day! Chandeliers, Theatrical Lighting, and Twinkle string lights can be hung to give warm lighting to your event. Many sizes of tents are available.

Party Tents... The tents at Don's Enterprise are perfect any time for any occasion. We offer a wide variety of tents that provide a pleasant atmosphere from intimate parties and dinners to the most elaborate and extravagant function. We can "custom build" a tent to fit your space, guest list and your budget. Call us for a free estimate and site visit to your property

60' x 130'

60' x 100'

Frame Tents... Your outdoor party will be extraordinary. For every size party, there's an elegant frame tent that fits the occasion. Excellent weather protection, elegant style, inviting and impressive! Frame tents are free-standing structures that can be assembled just about anywhere. They can be elevated to different heights and beautiful white liners with twinkle lights can be added to make this tent spectacular.

Tent Accessories

A few of the extras...

Sidewalls ... Depending on the style and the weather, your event may require sidewalls. Sidewalls will provide privacy and enclose your event as well as protect you from inclement weather. We offer white solid, white with cathedral windows, or clear sidewalls. All tents may be partially or completely enclosed with sidewalls.

Leg Skirts & Pole Covers... Leg skirts and pole covers are an added touch to cover the frame of the tent to add a dressed - up look. Leg skirts are cosmetic only and are not required for tent use. Leg skirts are draped around the exterior and corner poles. Leg skirts create a drapery look and are wrapped with a Velcro strip to keep in place. Pole covers wrap the center poles and dress the interior of the tent.

White Tent Liners... When your event requires glamour and elegance, you don't want to be without a tent liner. The liner is designed to cover the inside frame of the tent top. Certainly a spectacular look when you add chandeliers and soft white lighting - a breathtaking, added effect.

Lighting... Whether your event requires spotlight effect or romantic soft lighting, we can help you create your atmosphere and help with installation. It is important to remember to have an electrician inspect your site for ample wattage if a large amount of electrical equipment is to be used. Our inventory offers antique brass chandeliers, rotating dance floor ball w/ spotlights, colored party lights, individual spotlights, soft party twinkle lights, and more.
